

Family Accessories Catalogue.

Families come in all shapes and sizes.

No matter what your family looks like, you've always got each other's backs. That's why SEAT Accessories is offering new ways to connect with and protect those you love. Safe, quality products help you make the most of every journey. Because we've got your back too.

Safety for big and small.

Precious cargo deserves extra protection. Choose from a range of child safety seats for ages 0-12. All seats have been approved according to the new ECE 129 (i-Size) European Standard and have passed the side impact test. Ready to buckle up?

Small details make a big difference.

Seat protector for kids.

No time to worry about mess? This non-slip, washable and easy-to-clean cover not only helps keep upholstery like new, it also preserves the value of the car. Adapted for use in combination with ISOFIX child safety seats, the cover includes three integrated mesh pockets for storage of small utensils.

Additional rear view mirror.

You've got it all in sight. Attach an extra rear view mirror to your windscreen to get a better view of your children and rear traffic while driving, and a good panoramic view while parking. A special suction cup prevents the mirror from detaching in the event of an accident.

Rear baby mirror.

What do they get up to back there? Keep an eye on your smallest passengers with a rectangular mirror for the rear seat. Just fasten it to the head restraint with adjustable straps.

Have it all. Take it all.

Seat belt pad.

Nap time? Attach this soft pad to the seat belt to provide your child extra comfort while they rest. It's easy to install and features the SEAT logo on top.

Storage pocket.

Like to keep things tidy? This accessible organiser with several compartments creates extra storage space for your belongings while you're on the go. Don't need it anymore? It's easy to remove and store as well.

Chrome-plated hanger.

Wrinkle-free is worry-free. The chrome hanger easily attaches to the back of front head restraints so you can hang up your jackets, blazers and more on long trips. Featuring black fitting parts and tops, the hanger integrates perfectly into the interior of any SEAT car.

Short or tall, there's room for all.

Dog carrier.

No one gets left behind. The dog carrier features top and side opening zippers, a hanging belt and anchorage belt fastening for increased comfort and ease.

Size: 48 x 30 x 30cm

Protective seat cover for dogs.

Save time, save mess. This cover prevents your car's rear area from damage by scratches, moisture or hair while travelling with your pet. It comes with four straps that attach to all four head restraints for total protection.

Dog harness.

Take along your furry friend in a red dog harness featuring the SEAT logo. Made of 600D waterproof Oxford fabric, the harness includes a polyester mesh backrest and inner foam for extra comfort. When used inside the car, an additional strap must be attached to the seat belt and safety harness to ensure a secure fit. The straps are adjusted by means of plastic buckles.

Available from sizes S to XL for dogs between 2 and 40kg

Boot protector for dogs.

Like to take the entire family along? This blanket protects the boot by completely covering the carpet and sides, preventing any hair or dirt from falling on the floor. Waterproof nylon fabric also prevents moisture damage.

The durable, German-quality cover comes with side pockets for a water bottle, straps and other utensils. It can also be adjusted via the small heads on the top.

Size: 156 × 119cm

The technical bit.
